# ALLIED FLEET MAKES GOOD PROGRESS IN THE DARDANELLES-- Russia Continues Successful Sweep--Italy Ready--Bulgaria May Join Allies

## RUSSIA AGAIN HOLDING GATEWAY INTO HUNGARY

**And Teutons Are Expected to  
Make Heroic Defence.**

**Italy and Balkans Still On the  
Fence--West Front Quiet.**

(By Times Special Cable.)

London, March 27.--Russia, to-day for the third time holds the gates to Hungary, and British observers are virtually united in the expectation that the Teutonic allies will make a supreme effort to prevent the forces of Emperor Nicholas from again pouring onto the Hungarian plains.

Meager reports from Vienna indicate that there is some depression in Austria on account of the fall of Przemysl, but on the other hand the Papacy denies that that has resulted in overtures from Emperor Francis Joseph in an endeavor to obtain the intervention of the Pope on behalf of a separate peace.

The fall of the Austrian stronghold in Galicia also has had the effect of increasing the possibilities of sudden development in the near Eastern situation, but so far Italy and the Balkan states are still stubbornly "sitting on the fence," which position they are liable to maintain, in the opinion of a notable section of the British press, until such time as the fighting in the Dardanelles has produced some definite results.

## DARDANUS FORTS ARE TOTALLY DESTROYED

(By Times Special Cable.)

Paris, March 27.--It now has been established that the forts at Dardanus were captured by the French and British Kriegs Marine, seriously damaged by the operations of the allied fleet in the Dardanelles, and the despatched force Atkins dated Friday.

Selling ships engaged in min-

ing were laid upon by Turkish field artillery posted at Brendon, but the batteries are said to have been silenced by the French and British warships.

According to a despatch from My Lord, British Ambassador to France, the two French warships have anchored in the Gulf of Smyrna with transports.

## RUSS. GAINING HEAVILY IN CARPATHIAN BATTLE

(By Times Special Cable.)

Geneva, March 27.--Despatches received by Swiss news services continue to give the impression of the Russians in the battle which is still in progress in the Carpathians. The struggle in Ujok and Lukow Passes on March 23 is said to have been particularly desperate, with heavy losses for the Austrians.

**SYMPATHISERS  
OF THE FRENCH**

Local Branch of the Secours Na-  
tional Organized.

**Strong List of Officers and  
Ladies Auxiliary.**

A meeting held yesterday at the Board of Trade, the local branch of the Secours National, to work in conjunction with the Ontario branch was turned. A large number of interested persons, including Mr. J. C. McMillan, president, and W. M. Levering acted as secretary. After an explanation of the association by the chairman and Miss Victor Ross, Mrs. Secretary of the Allance Francaise, the meeting adjourned.

The association is for the purpose of expressing sympathy with the French, and is open to all Frenchmen and women, and will be up in the fall of the year.

The club's pool events have proved a strong attraction, making a very prosperous season for the club.

## TEMPLE WILL REOPEN SOON

Stock Will Hold the Boards Be-  
ginning April 19.

**Strong Company Headed by Miss  
Lillian Kemble.**

Although the Royal Canadian Theatre has been closed this winter, the company will hold the boards during the coming summer. This announcement was made to-day by Clark Brown, manager of the Canadian Theatres, Limited, and the company will be under the management of Mr. Mackay, who was welcomed by many Hamilton theatregoers. The fact things are again practically normal in the theatre world was believed to mean that Hamiltonians will turn out in large numbers this summer.

An early summer tour is being planned. The leads will be played by Miss Lillian Kemble and Charles Mackay. The new management will consist of the former managers of the theatres. Miss Kemble is recognized as one of the most popular actresses in Canada, and she, and in selecting Mr. Mackay to support her the success of the forthcoming tour is assured. The cast of the company will be composed of men of note. New York actors will be engaged, and the company will consist of long experience, the coming Temple Stock Company should live up to its reputation.

The theatre will be put up to stage at once and rehearsals will begin two weeks before the opening date.

## GUELPH GETS ERIE FRANCHISE

(By Times Special Wire.)  
Guelph, Ont., March 27.--After many weeks of negotiations, it has been decided that Guelph gets the Erie League franchise which was Erie last year. The deal was closed here to-day and George O'Neil, London, manager of the Erie, and George Reynolds of the King Edward Hotel, George Lea is to be manager.

## TOWN PLANNING

Board of Trade Has an Expert  
in the City.

Thomas Atuan, Town Planning Expert of the Commission of Conservation of Ottawa, was here yesterday, and, in company with the Civic Improvement Committee of the Board of Trade, went over the city to see the work done.

The association is for the purpose of expressing sympathy with the French, and will be up in the fall of the year.

The club's pool events have proved a strong attraction, making a very prosperous season for the club.

### ST. PAUL'S CHURCH CHORAL.

While the church will always stand pre-eminently first in the hearts of Presbyterians, of recent years the church has been more and more a very essential factor in the equipment of the church. This is largely owing to the selection of the choirs, which are the chief attraction rendering of same. St. Paul's Church choir consists of upwards of well-trained voices, and there is a general enthusiasm in every member which makes for high efficiency. Read the issue of the Times.

### FINISH ENGLISH RUBBER POUCHES.

(By Times Special Wire.)  
Brantford, Ont., March 27.--The Dutchess, a 100-foot long liner forming part of the 26th Battalion, third contingent, expects to move to Hamilton for concentration on Monday next.

### 33,000 SENT ON.

Major Walter, a member of the Active Service and Emergency Fund, has sent \$33,000 to the Fund for the benefit of soldiers in England and to the front in France. The sum will be used to help the men of the 1st Canadian Division, and the second contingent.

## ITALY READY TO JOIN ALLIES

(By Times Special Cable.)  
Rome, March 24, via Paris, March 27.—Every measure possible has been taken by the Italian Government preparatory to the beginning of hostilities. The Italian Ambassador here has called an audience here of the Balkan Unionists to protest to see indications of a desire of the Italian Government to adopt a policy favorable to the allies. It is understood that the Italian Ambassador has been instructed to go to London to speak directly with Italy and Roumania.

Alexander Young, 46 Main street, was held in jail yesterday morning.

Young was arrested a few days ago for not paying his \$12 wages.

Young swore that he was not paid this week, and was allowed to go.

## MYSTERIES OF ASTRONOMY

Prof. Hibner Mentions Important Ones in Illustrated Lecture.

What Science Knows in Little Compared to the Unknown.

"The Unsolved Problems of Astronomy," as enumerated by Prof. A. A. Hibner, M. A., Ph. D., to the Hamilton Centre of the Royal Astronomical Society of Canada, in the old library last night, proved exceedingly interesting and formed a subject worthy of the most serious of the speakers. The lecture was delightfully illustrated with lantern slides. Alluding to unsettled questions along an astronomical line, Prof. Hibner summarized the mysteries as follows:

"The vanishing of stars is illustrated by the disappearance of Regulus at the horizon, represented by a lady's finger ring. It would take a train running eastward to cover the distance before it never stopped 550 years to cross it. Then the nearest fixed star will be visible from the window. There are more than two miles, and a few more 3 to 30 miles, and so on until the most distant visible stars are about 100,000 times the diameter of the sun in the ring. Vega, the beautiful star, in Alpha Lyra, is from eight to ten thousand light years away. Sirius is travelling towards this constellation at the rate of 500 or 600 miles per year. The stars are moving, and the perceptible change of the starry firmament, hence arises one of the unsolved problems of astronomy. Who said this journey begins? and when, where and how, if ever, will it end?"

"As the stars are moving in straight lines, we can't tell where they are, unless we know something about some central body." If in straight lines, they must be in the same direction, so that the inhabitants of each shall see only a black starless sky. Attraction of the stars to each other diminishes so rapidly, that science has yet invented no method of determining the mass of the greatest known star. The two swiftest moving stars known to science are the two stars of the Great Bear. If we can rely upon our methods for determining distance their mutual motion must be very great. This would make the sun over two or three minutes. Such a body would have a large effect on the stars' paths across the sky. Two swift moving stars would be 10 miles from the ring for Greenwich, and the Arctic circle would be from 40 to 45 miles away. The sun, however, would not do this so that its position has not been changed unless he had noted with his telescope the position of a comet of his time."

"Another unsolved mystery is the size of the universe. The stars. Our solar system contains a hundred million stars; the question is, how many stars are there outside of which is space empty? or has an universe a boundary? While we cannot say yes, we are unable to say it beyond question."

The heating problem of this universe is also a serious one. During the first year of the war, the stars began to thine, has the first ray of light and heat come on through the sun? The sun gives off 18,000,000 miles per second, and will it continue to do so for ages to come? What will become of them?

**E**VERY woman who makes any pretense at all in dress should have at least two coat suits in her wardrobe in one season—one for knockabout and another for the times when she "primpes." Despite the novelty in fashions now seen so frequently, women are really becoming more sensible in regard to dress. One article of dress alone would prove this—the corset. Women refuse to have their breathing capacity limited. An effective exponent of comfort in dress is this season's fashion in "utility" coat suits, some of which are here displayed. One looks at them and instinctively wants to take an exhilarating hike over the open country. Not only are they for pleasure, but they are an attractive boon to the professional woman, the business woman, and even the stay-at-home woman when she must go out on business, domestic or otherwise, and doesn't wish to garb herself in her best bib and tucker. Likewise are they excellent for the vacationist who wishes something that will not show the wear and tear of her good-time person. The coat suits are also good for the last cool days of school and college, and last of all are they good for the woman or girl who can afford but one suit, which, of necessity, must be serviceable.

Severe but chic is the slate-and-white suit of broken-check worsted. While the suit is exceedingly plain in line, an entirely new and distinctive note is struck by the double-breasted peplum falling below the belt. The little black hat of rough straw is admirably suited to the whole.

A loyalty to the pleasing circular lines is evidenced by many women. These devotees will take pleasure in the dark blue worsted having in it hairlines of white. A pretty effect is obtained in the jacket by a crosswise arrangement of the material. This suit is particularly appropriate for the woman of 40 and over. The comfortable skirt is

both graceful and practical. Homespun is receiving increased attention at the present time, and it makes up into charming models, such as for instance, the trim and comfortable suit of pepper-and-salt mixture. These very plain lines are best worn by the young girl, for age will look awkward, ungainly and unattractive in a suit of this cut.

While the war note is obviously sounded in the worsted suit of black-and-white mixture having light gray check obtained by the black braiding, the suit radiates a charm that is far from masculine, so modified is it. This coat and skirt suit very well the woman past 35. The younger woman can wear one of the plainer models with greater effect. White buttons give an added touch of smartness. The pretty green hat is effectively trimmed with cherries. The worsted in this suit is made to simulate whipcord.

A suit of covert is the last word in garments meant for utility wear. It almost never wears out, and while its light color will soil, it will clean easily. The covert in the suit shown is of light weight and has been made up into pleats. The whole model is new and different and one that should appeal to even the ultrasmart woman. The gray hat is trimmed with black, and bright cherries.

After your first utility coat suit you will never be without one. It should always be short and comfortably wide. It should also be of material that has a good wearing quality. While the color should be serviceable, it is not necessary that it should be dark. Some light mixtures show very little soil, and others are very easy to clean. The utility coat suit is an economy.

way are asked to do so.

Mr. and Mrs. W. R. Turnbull,  
212 Dundas street south, or  
to Mrs. W. R. Turnbull, 43 Victoria  
avenue.

**BARNARD-CASE.**

Announcement is made of the mar-  
riage of Miss Ethel M. Case, of  
Philippines, 11 to Rev. Dr. Barnard,  
of the First Methodist Church, on  
the 26th of March. The bride is a  
graduate of Princeton Theological Seminary.  
They will reside in Newark, N. J.  
where Mr. Barnard has a charge.

**SCHOOLCLIFFE HOSPITAL.**

Mrs. William Hendrie has received  
a cable from Mrs. George McLean  
Brown, of the Royal Canadian Air  
Force, School of Flying, Cranfield,  
England, stating that the 20 boys  
cited completed the requirements  
and will be ready to proceed to  
England on Tuesday. He also  
nudged and hoped that those who  
have contributed to help beyond  
the 20 will be able to get a  
place to go towards the purchase of an  
airplane. A child will be placed in  
the hospital on which the  
name of the donor will be engraved,  
and any who desire  
now to contribute the same amount  
to the fund may do so.

Miss Meta Gibson, Hartcliffe, Ham-  
ilton.

**GRADUATE NURSES.**

Hamilton Chapter, Graduate Nurses  
Association of Ontario, held their an-  
nual meeting last evening at the  
National Civic Auditorium.

The President, Miss Edna Storni, gave  
a satisfactory report of the work  
of the chapter, and the financial con-  
dition. The chief business of  
the evening was the election of  
council, which resulted as follows:

President, Miss Norman; First Vice-  
President, Miss Laddie; Second Vice-  
President, Miss Edna Storni; Treasurer,  
Miss Edna Taylor; Publicity Committee,  
Miss Edna Miller and Director,

**WOMEN'S WAR SERVICE.**

The Women's War Service held  
its regular meeting last evening and  
attracted a large attendance. The ladies  
were addressed by Rev. S. B. Nelson  
who spoke on the expense allow-  
ances of the wives of soldiers  
of the Canadian forces.

The German government is  
believed to be preventing many Canadians  
from enlisting. They are the broad-  
est shoulders in the family and  
are built up like horses. If they  
went away, there would be a morale  
problem. It is reported that the  
Government is keeping them in the  
country to be used as a way of over-

coming it. Dr. Nelson stated that the  
British Government, through the  
Colonial Office, and that Canada  
paid the wives of soldiers more  
than England. Officers were offered  
more than twice as much as the  
sons and brothers had been killed or  
wounded, and for the soldiers now  
engaged, the ratio is to the Canadian  
Vicars. There have been several beauti-  
ful selections on the organ.

**ST. ELIZABETH'S DRAMA.**

Rehearsals have commenced for the  
Historical Romantic Drama, "The  
Life of St. Elizabeth of Hungary".  
The play will be presented at the  
Royal Canadian Auditorium on  
Wednesday, April 1, at 8.30. Mr. D.  
Pattie will speak on Poland.

The current Events Club will meet  
at the Royal Hotel on Wednesday  
evening, April 31, at 8.30. Mr. D.  
Pattie will speak on Poland.

The marriage of Miss Lila Fair-  
grave and Mr. William H. Dowdy  
will take place at the First  
Methodist Church, at 4 o'clock.

The Cecilia Club is holding their  
dance which was postponed from last  
Saturday night, at Misses Fannie and  
Agnes Foray's, 1807 - 18th Street.

The T.W.C.A. to-night.

**MEMORIAL DAY CELEBRATION.**

The Mount Hamilton Women's In-  
stitute was held in Burroughs Hall  
on Wednesday. Attendance was  
large and the meeting was a success.  
Flowers were sent to

## Pat Hennessey Secures Position As Umpire In Senior City League

Last Year's Indicator Handler Was the Unanimous Choice of League Officials—Other Ball News.

With President Frank Harvey in the chair, the City league officials voted last evening for the third time and all arrangements for the coming season were completed. The main affairs on last night's programme was the appointment of an umpire, and when the officials got down to business they learned that their applications had been received. The first one to be opened was that of Brandow, an east end boy, who has gained experience in the West End Indie league, and also officiated in all games in the Junior City League two years ago. Sportsmen from the city and the Senior City league two seasons ago, was also an applicant, and "Tommy" Hennessey, who has played in the Senior City League last season, was the third. As was to be expected, Hennessey was the choice of the officials, and he will begin his duties on May 1st, when the league will be opened by Mayor Wilcox, Gordon Soules and George Wild.

During the past week the teams all have agreed to play games for the coming season, and will be well as follows:

Twentieth Century Club, Fred

Brinkley, Y. M. C. A., Jack Lightfoot,

Brinkley, Robert Wagner or Gordon

Woodlands, Jerry Precious.

Conditions for the new season were agreed upon by the managers last night, and they will be ready during the next three weeks in signing up players for the coming season.

## Sport and Comment

(By Jim Sheard, one of the greatest outsidemans of the game.)

The funniest thing I ever heard in the field of sports was told me last night. It was late in 1909 and we, the Cubs, were fighting the New York Giants hard for the pennant. The two clubs were neck and neck, and the two clubs seemed to decide it and Modrow was sent Mathewson to stop us.

He has stopped, all but Tinker. The score was 0 to 0 in the fifth inning, and the Cubs had driven the ball a mile to left centre.

Jos had his cap off in his hand and was looking at the ball as it had never been in his life. He was coaching at third base. As Tinker started across the base, he could have walked home but Heine dove out of the catcher's box, tackled him and threw him over his shoulder. Tinker glanced again, saw the ball start in and fighting Heine he broke away and started home again.

Chance was crazy. He called Hains everything but the won the game to 0 to 0.

The sun was in my eyes—and I thought the ball was on the infield, said Hines.

Chance spluttered a minute and said:

"That's the first time I ever heard of sun shining from the northeast at half past four o'clock in the afternoon."

Lester, Mr. March 26—William Pitch of Hamilton, Ontario, was bought from Trainer Bill Keay, the three-year-old boy getting Doctor D. G. Smith, a fine horse.

The price was not made public, but it is reported to have been \$15,000.

O'NEIL WILL LIKELY ACCEPT GUELPH OFFER

Rube Deneau Has 18 Players Signed Up.

Guelph, March 26.—The situation so far as Guelph and the baseball franchise is concerned is still unsettled. After being in the city yesterday afternoon, Mr. O'Neill, the manager, left for home to-night with the understanding that he is to forward his acceptance or rejection of the offer made him by to-morrow night. In the opinion of one of the local sportsmen who are well informed, O'Neill will accept the offer he is likely to get from this city. Negotiations are carried on between the manager and to-day, but it finally dwindled down to Mr. Joe Reynolds, proprietor of the Hotel Guelph, who has assumed financial burden, and he made Mr. O'Neill an offer that will include the transfer of the team to Guelph, the team, both Guelph favorites, who have played here before, Laty Dorchak and Eddie Deneau, and the manager of the latter. If the deal goes through

"Knott" Lee will be the manager, and as he has eight or nine men in line now, the process of getting a team together will not be a difficult one.

Brantford, March 24.—The Brantford Legion baseball team has some good training, and the squad will be in excellent shape, so that there will be twenty men in line from some of the old favorites to back him and try to make them a success.

It is not at all improbable that the amateurs will have things all their own way in the national game in this city, as the players are not to be had for a cent.

Hamilton, March 24.—The Canadian Cadets Corps Rifle Association are holding a rifle competition at the Canadian Legion Hall on Saturday evening.

The fact that the players of the Canadian Legion are organizing the Canadian Legion Off. Competition will no doubt boost the game much with fellow who have bought off stock in the past.

## MOTOR CYCLE CLUB SELECT FINE RUNS FOR COMING YEAR

Club Will Go to Buffalo on July 4th.

The officers of the Hamilton Motor Cycle Club held a meeting recently to select the various runs for the coming year. The club will make a grand showing this year. Arch Lamond, who was the pick of the bunch, was elected president. The vice-president will also have a strong team this year, and should make a better showing than last year. The acting manager Peter Previous stated last evening that he had several youngsters on the line up this season, and with a good battery Previous team should be well up near the top when the season opens. Tom Lightfoot is to be the team, but if Manager Lightfoot becomes ill, the players he is enlisting will be the champions of last year. The Erskine team is sure of holding. Wager of the "Fathers" is another strong team, and the Chippewas should do well with him on the mound.

An official scorer was also appointed, and the secretary was the young son of Thomas Moore, who looked after this position last season, and James Handlington was chosen as the treasurer.

The league this year will be under a big expense in getting things started, as they will be starting in the middle of June, and the cost of getting things started will be high. Last year the club had a great many new benches put up in front of the grand stand.

We'll ask you never trr.

But just repeat in passing by.

The same old "Howdydo!"

I know a man 'wh'll stop and say,

"Hello, Dick, are you dry?"

Of course this flusters us a bit,

But quickly we get over it.

And give the right reply.

### WHERE IGNORANCE IS BLISS

"Human, all too human!" comments Assessment Commissioner J. P. MacLeod, merrily, slipping on this side ad from a morning paper.

One table of Statuary, including famous men of ancient and modern times, some slightly imperf.

At \$1 to \$2.50 each.

### OH! WOW! LIKEWISE KOW-TOW!

"Of all the rot I ever read,

That gets my name," she said.

She handed us that doggerel ballad.

"Out on the Barren"—from Crab Salad.

### WHEN THIEVES VISIT A PIG-PEN!

In the estimation of Mort Corry, the Beach fisherman, the man who would rob a grave or steal copper from a blind man, is not one whit worse than the boy who took his long-treasured bicycyle, a "pig-pen."

Corry, who is a member of the St. John's Yacht Club, said he has been in the habit of riding his wheel to and from Beach. Road crossing, where he boards the car when business or pleasure drives him citywards. Eb Williams has a vacant pig-pen, this miller is interested in view of the coming racing season's operations had called attention to the fact that the thief who took the boy's bicycile was not a German settler.
